The Sheriff brought me my legal mail and he stole some of my paper work, legal documents and legal numbers, preventing me of my due process and attorney client privilege. He violated my 1st amendment by preventing me from communicating confidentially with my lawyer and other law officials. He Read my legal mail and this is against the law. my legal mail was given to me saturday morning when the sheriff returned it Friday afternoon. I called officer without to my door and asked about my dog and he said "no dog for you and I'll pay you \$3000. I'm a different breed. I'm a pit bull". My wife and son were in my cell and heard that when Officer Smith was watching me stand at my door for about 15 minutes causing me out angering me and physically causing me an enormous amount of emotional distress so much so that I came through the RHU door. I continuously screamed "Leave me alone". He grabbed my dog and I spun out of his hands. I then immediately got on my knees and interlocked my fingers behind my head before all the dogs ran on to the units. To avoid being a malady headfull spoken in the face by Officer Smith, I laid on the floor continuing to remain motionless with my fingers still interlocked behind my head. Officer Smith or an officer of Black color struck on my left side hitting my arm and interrogated punched me in the face with a closed fist. I remained motionless. A shouter who sat by my cell intentionally kneed me several times in the head and face, ripping skin off of my left temple and causing swelling. I was then taken

CEB APPENDIX A7

To: SpdT METELLUS
 From: Robert Adams - 074562

11/9/22
 RHU-7

ON 11-3-22 I was Found guilty of an incident that occurred on B-block on 11-1-22... i.e (fighting), I plead not guilty. I appealed the decision of Dittmanns To: ^{Deputy} galione whose not been here. (L.T Clayton) Told me to submit my appeal to you. I have file an appeal (twice) asked for charges to be filed and submitted a grievance to Deputy Reed. None have kepted as of yet Galione has been out. I ask now The SpdT METELLUS to over turn this sanction and find me not guilty for the following reasons:

on 11-1-22 at 09:35 hrs, I returned back to my housing unit (B-block) from (DNA) group. I went into the phone room but was escorted to my cell by Officer Simpson. (cell 1-8). On my way to my cell, while officer Simpson held my door open for me, I got a soda from the inmate in 35 cell and then reported directly to my cell where, c/o Simpson locked me in seconds later, only making it to the middle of the dayroom, c/o Simpson returned to my cell and spoke to me, he to me screaming for him. He immediately went and got the spray bottle for me, opened my door, gave it to me and then locked me back in. He left and immediately returned with the Taser brush, opened my door, gave it to me, locked it again and then began arguing with 9 cell about a Block Tablet. He then address the block and inmate barking answered him. I'm barking came over and began arguing with 9 cell. He, barking walked off and returned seconds later each time, arguing with 9

cell and then my cell. C/o Simpson was present. Borling and I began arguing from outside of my cell, with me being inside the cell. C/o Simpson went to the desk and then when he returned he asked how did my cell door open, I told him he buzzed it open.

Mh. Spdt METELUS, I was not Fighting. I was locked in my house/cell, where I was suppose to be. I could not flee my house/cell to get away from danger. Officer Simpson did not rush to my aid nor did he tell inmate ~~borling~~ to staff. My cell was broken into by inmate borling and I was Attacked and Assaulted and no one was there to prevent me from being harmed. The security door that's suppose to protect me from physical danger failed due to a faulty locking mechanism/device that this institution has been aware of for years, yet, has neglected to change the locks. My House was broken into by an intruder. Under Pennsylvania law, Federal and per the constitutional Amendment, A person is allowed to protect his home and place of business if an intruder breaks into his home or place of business. I could not run from the danger that entered my home, I was suppose to be protected by the security door and the lock that keep me in. The lock was somehow broken into and I was Attacked. C/o Simpson lied on his misconduct as, he was not stocking toilet paper, nor did he care to protect me, custody was breached and he did not control that inmate he started the arguments. I would like to press charges, on both C/o Simpson and borling for breaking into my house and attacking /assaulting me; I would like to be taken out of the RTU and this sanction overturned as I have been victimized by inmate, staff and institution, and I would like to sit down with my attorney and prison officials to talk about further resolutions. I'm being tortured for being where I was to be. How is this justice? I couldn't even run in danger and I wasn't in?

County of Brevard
Court Evaluation Board Appeal Formwitness called in case ~~video~~
Decision of CEB guilty 30 days
and sanctions module BHU-7

Reason for Appeal: On 11-1-22 at about 9:30am, I returned to B-Block housing unit from DNA group. I went into the phone room but was saw by Simpson and escorted to my cell. I called officer Simpson and he provided me with a spray bottle to clean my toilet with. After locking my cell again he turned and argue with q cell about broken tablet. Officer Simpson then yelled out to the Block saying "didn't announce", tablets, and Boiling spoke up. Simpson ~~beat~~ inmate Boiling over where an argument broke out. Boiling left and returned several times while officer Simpson was present at q cell. Inmate Boiling and I began arguing while he was outside my door upstairs he was out while down stairs was locked in. For the morning period Mr. Galane, I was locked in my cell, where I was suppose to be! I did not leave my cell nor was I able to leave my cell. There was no officer inside my cell to do anything to save me, protect me nor help me, and there was no where for me to flee. I could not run away from danger. over Simpson and this prison put me in grave danger. I was in great fears of my life, limb and liberty. I was assaulted and attacked by a inmate who broke into my cell because of ~~intentionally~~ locking mechanism that this institution knew about for years. If officers Simpson didn't buzz him in my cell then, your cell door locks failed to protect me as I rel yours C.O.

I did not engage at all. I was not fighting. Inmate ~~borking~~ is seen doing something to my door and NO one told him to stop!? nor did the security team ~~tell~~ him to ~~stop~~ Stop. How is it possible that, I'm locked in the cell where I'm suppose ~~to~~ be - (In my own cell) - Following orders and then, my House is Broken into by an intruder - which is clearly shown ~~on~~ video recording 'Breaking into my Home - And I am written up for breaking the rules and regulations of the institution? By law, under Pennsylvania Law, Federal law and Constitution law, I am allowed to protect my ~~home~~ home, self and property when a intruder breaks into my home. Furthermore, this institution has broken its own rules and regulations by not protecting me and providing me with a secure/safe place to reside, wherefore the reasons set forth in this appeal I humbly ask that this cruel and unusual punishment be stopped and I be released from the hole to move forward with me legal litigations over from this ruling and sanction. And please tell your officers "Williams" to stop calling me Faggot and Bitch. He keep talking about my wife and I'm trying to save my family.

I am writing this grievance to complain about my rights being violated yet again while I am in this institution. While here in the RHU, I have requested to go to the law library several times and I have been denied, which is against my constitutional rights. Even death row inmates are allow to attend the law library and research their case and other legal matters. Because of this cruel and unusual punishment and other legal violations that I have been subjected too and placed under by the staff here at Bucks county prison and the institution itself, I respectfully ask to: ① be allowed to attend the law library, ② press charges on officer Simpson and this institution for allowing me to be attacked, for helping inmate bolting attack/assault me, for the lack of "care" by not providing me with a safe place to lay my head... (because of door's that have faulty locking mechanism which allows inmates to break in), and I respectfully asked to be compensated with what's negotiated between my attorney, myself and the institutional officials with their legal representation.

The wrote law library and requested 1983 Civil Law suit pack, Shireland v Washington. Thad you know power of Attorney for and everything on Miranda Rights writings and nothing come to me. Asked to use tablet for no what was done.

Happy Veteran Day

I apologize for having to reach you this way but, my mail and In house mail has been tampered with by your officers and I have been informed by my Attorney to mail this to you so, you can be one of two things, 1, involved with the illegal unlawful cruel and unusual punishment that I'm being placed under by your staff or 2, you can be removed as a participating member who have violated all my human and prisoners rights.

I sent you and Mrs. Kelly feed some documents and they returned to me, my Attorney was given what was sent back and the same person who on Blue Streak's and returned them. Enclosed is my appeal that Dittman, Sgt Fagin, Sgt. n Cruz, LT Clayton, C/o Williams, C/o Brinnigan, C/o Long, LT Thompson, C/O'S and more told me to send ^{appeal} to you because I should not be in the hole. I was not fighting, I am

a older man with a loud voice, who was attacked/Assaulted by an Inmate who broke into my cell. I was secured in my cell, The officer opened my door and locked it several times. Because of faulty locks, because of faulty locking mechanisms and because of an officer failing to adhere to "cage, custody and control," I was Assaulted/Attacked in my Home/cell by an intruder who broke in. I could not run, I could not phone for help and the officer instigated THE entire assault. Then he lied on official prison documents to cover up his involvement in the assault. He falsified legal documents, which is a crime. He was never stocking Toilet paper. I am requesting to press charges on inmate boiling for breaking into my House, Assault, Burglary, Aggravated assault, False imprisonment and Falsifying official documents. I would like to file/press these charges of officer simple as well and conspiracy to commit these crimes that was committed against me while in This institution. Grievance

I am writing this my grievance on white paper
 I was Attacked by officers who while I was down with my hands behind my head motionless, I was punched in the face deliberately and kicked in Face and head by schuster. my right shoulder has a baseball size lump on it after your officers along with SST Beck dragged my arms through the slot last night with a chain that was attached to the cuffs. Officer clayton spit in my bag dinner. I asked L.T clayton for a grievance /green sheet, He said no! and so did the BHO info case manager. my Breakfast bag was spit in with Tabacco juice. Officer williams has been threatening me, calling racial slurs such as nigger, posy Fagget, Has threat my son's life, my wife's and He has defaced my Quran and Religion material. He has stood on my cell door several times, threatening me and this is the First time he has ever come into my cell since I've been on the unit. He has been antagonizing me and bullying me. I've asked a thousand times for green sheets and no one ever has any no where. I write on paper and its sent back. A LT caught him threatening me last week and he didn't work the BHO the rest of last week. bed his HPS. He stood by the shower pecking around the corner and holding his key the shower day last week where he was caught by bully + antagonizing me.

Statement detailing the act or condition giving rise to this grievance: (Be specific, list all dates, times, locations and witnesses. Handwritten grievance must be legible, if not it will be returned.)

I wrote this grievance to complain about my account being frozen and how my phone & pen is blocked, preventing me from calling my attorney. I am also locked out of Lexis-Nexis which is a free legal research program that allows inmates to look up their legal matters. I was also denied visit which is wrong and in violation of the 1st and 14th amendments. The law library here is inadequate and old and it takes weeks for me to get a reply when I request certain case law. To block me from using Lexis-Nexis is to denied me access to the court which is unlawful and unconstitutional. To freeze my account and prevent me from buying hygiene is wrong as well.

Statement detailing informal process which you have attempted in order to resolve this grievance: (Attach any written documentation from staff.)

I wrote griev slips, talked to staff and case manager.

Specific remedy being sought:

Restore my ability to use Lexis-Nexis, phone, commissary, etc. etc and financial compensation

First Level Response:

You are currently on Restricted Housing Unit status due to various disciplinary misconducts during your incarceration. Based on this status, you are not permitted the privilege of tablet access, phone calls and/or visits. You do have access to your attorney via your case manager. The Law Library staff reported having a total of 4 request slips between February and March, which were all answered in a timely fashion. You are provided limited and adequate hygiene items as stated in the Inmate Handbook. Based on this information, your grievance is denied.

NOTIFICATION OF APPELLATE REVIEW BY DIRECTOR

Statement of rationale for appellate review:

I was not provided any grievance products by Bucks County. I can be reached from the tablet is fine but Texas video is a free legal service that I should not be blocked from. my phone plan should not be restricted as staff have given me permission to use of tablet and call my attorney and other companies and I have proof of that. I told my supervisor I needed to contact my attorney and she has not been back here. I have been given 140 time with out having a hearing 20 days was added on for charges that I did have a hearing for. look at the cameras. Dittman never came back here and gave me a hearing so that time should be removed as he denied me my procedural due process under the 14th amendment.

Youth officers stand to close to my face when I'm taking my meds. The penis area should not be that close to my face while I'm taking my medication. It is sexual inappropriate and I am very offended, disrespected and disturbed. Statement detailing the act or condition giving rise to this grievance: (Be specific, list all dates, times, locations and witnesses. Handwritten grievance must be legible, if not it will be returned.)

On the above date at 3AM Officer Harrison searched my cell while I was taking my disability medication. He went through my legal mail and then began reading my court documents which were open. He came to the door with the court order in his hand and reading it concerning states of the inapplicable nature. He went through my manilla envelopes and pulled out my court documents and began reading them which is against the law and 13th Amendment of the United States Constitution. Furthermore he then destroyed my cell when there was no need to do so. After I stated he was in the wrong. It was clearly shown that the document was legal and from the courts as it was a case about my son 21 on Woodson. I would like to press Federal charges of tampering with mail and reading legal documents of anyone against this other. I would also like to press charges on the inmate in A-7 for Spreading my face during yards. Sgt Murphy took me to medical with me and I wrote the investigator and written metters about that matter. That man was removed from yard and should have never been in yard with us. My cell is searched & destroyed everyday to harass me. Raspberk on 4/21/23, Smith on 4/22/23, Sgt Cruz on 4/23/23, Sgt Cruz on 4/24/23, Harrison on 4/25/23, Clarke on 4/26/23, Hopkins on 4/28/23, on 4/29/23 Sgt. A Cruz searched my cell while I was being buffered inside the cell. He did not destroy my cell but still looked through it on 4/30/23. Sgt. A. Cruz searched cell and took staff leaving it disorderly and on 5/1/23 Sgt. A. Cruz searched my cell again. This is harassment. There's no way I can contraband in my cell and staff keep tearing my cell up. My privacy was violated by Harrison reading my legal work. Look at the rotating camera and when camera he read my legal work. I need you's to leave me alone. You pick, antagonize, harass me and more. You keep pushing my buttons even try to make me out. You have me housed on a mental health floor because there's constant. Statement detailing informal process which you have attempted in order to resolve this grievance: (Attach any written documentation from staff.) Banging and screaming to torture me. Then you blow these inmates out of their cells to bother me, get on my dock and worse. I verbally told Sgt. K. Keheler who was present and she read my legal documents well. Its an everyday I wrote a great slip but got no response. I've been complaining about being harassed everyday and my cell took up every single day. There is no logical reason to search my cell every single day for over 2 months straight. There also no reason for four officers to be reading my legal mail. It is against the law for you to do so. Your officer opened my legal mail, removed the document from a sealed envelope and then read the legal mail which is against the law. Specific remedy being sought: It violates the confidentiality clause between lawyer and client. Stop standing close to my face.

I wish to press charges on inmate who spit in my face. I also wish to press charges on Harrison for tampering with my mail and reading it and I asked that I stop being harassed without catching my bed everyday. I also ask to be financially compensated for all the pain suffering and torture I've been enduring.

Received by: _____ Date: _____

First Level Response:

As mentioned in the inmate handbook, all inmates are subject to searches at any time, and legal mail can be checked for contraband. I find no evidence to support your claims of harassment by staff. The contact between you and staff are appropriate as dictated by your custody level and security bulletin.

This grievance is denied.

NOTIFICATION OF APPELLATE REVIEW BY DIRECTOR

Statement of rationale for appellate review:

I asked to press charges on the inmate that spit in my face. Inmate "Agayo, Jimmy Joe #133425. Your SGT Murphy and officer manning took me to medical because of the frequent. Also Theres no ~~permissible~~ reason for you to search my cell each single day when you don't search other inmates on RNC status every morning and I have proof to that you people are harassing me unreasonably trying to trigger a response out of me by leaving my cell up and an offical does not have a right to read my legal mail or document and by law my legal mail is to be searched in front of me by law you make me out and discriminate against me and violate my rights, you stripped me in front of SGT N. Cruz which is in violation of my 8th amendment. SGT the SGT Murphy & L.T. White stripped me naked and left me in front of inmate naked & Humiliating me on 11/26/22 & 11-28-22

To Clarke Threatened me. My Laundry hasn't been washed in 5 months look @ cameras Statement detailing the act or condition giving rise to this grievance: (Be specific, list all dates, times, locations and witnesses. Handwritten grievance must be legible, if not it will be returned.)

I am tired of Being held in segregation and Harassments mentally Tortured and Psychologically abused By BecF Officers or the daily bus. On 3/23/23 at 3pm during morning Substation medication, my cell was searched by Officer Clarke. I said something to Sgt. Clark who is now off duty & he tried to call me a bunch of pussys, cowardly Faggot Bitch and Sniffer. Sgt. Beck also threatened Clarke to physically assault him and then verbally abuse me. When He took a step towards me as if to assault me and Sgt. Beck held him back. I was stripped naked in front of Sgt. Beck but by Hubert and mates + also mates and Garrison which is in violation of my 1st Amendment of the U.S Constitution I am blocked from using their Law Library. I have been blocked from getting commissary checks paper and envelopes. My cell has been searched Every single day of the past 40 or 50 days sometimes twice a day. This is Hygiene. I've been stripped searched in front of a woman twice. I have been denied food and I'm being tortured by the harsh conditions of mental health. Torture constantly banning and screening 24 hours a day. Officer Clark tossed me down on the floor the first time he took my cell up. This is also Obscene. inmate Alfonso Sanchez-095098 is next door to me and His cell is never searched and he takes showers as well. I am being mentally beaten and tortured by staff and Administration here as Bucks County Prison. You have beat me in cells couch with fees, each time I had to scrub it with my soap no chemicals. My cell is harassed almost everyday to where I don't know where the mattress on the bunk or making life I'm blocked/restricted from law library and commissary to buy hygiene products. I'm harassed everyday. I take my medications & 3pm. I fear those who has been giving me different medications of certain days and I request a blood test because I know how my meds taste. To better as I called me sniffer in front of bald sisters and officers. Swear, new, okay, coarse, lack, L.T. Hugg, Sgt. O'Donnell, L.T. Upde, F. Williams, Schuster, L.T. Clayton, L.T. Whiteside, Sgt. Murphy, Sgt. Beck, Sgt. Davis, Sgt. A. Cruz, Sgt. Kinkelin, CIO. Simpson, McFadden, Harrison, Amanda, Marissa, cage man, wobs, Deputy Reed, Spots, Mcfetts, Deputy Gallo, Capt. Nottingham, Capt. Many. Statement detailing informal process which you have attempted in order to resolve this grievance: (Attach any and 3 written documentation from staff.) Unknown officers have retaliated against me, or abused me, or beaten me, or assaulted me, or denied me humane conditions or has disregarded my pleas for help, or has verbally abuse, verbally assaulted me, deprived me of my rights and liberty at some time or another and I am extremely tired of it. medical has even denied me proper and adequate medical care. I wrote a few request steps, sick calls, talked to every fellow member mentioned in this grievance, tried talking to McElroy but he brushed me off while Deputy Reed and Spots Mcfetts, the investigation and more. I even wrote a letter and asked for a time to talk to them to explain a miscarriage of justice as he with held evidence that would of verdicted to me on 11-2-22. This is cruel and unusual punishment, this violates my 4, 6, 14, 8 Amendment of the Constitution. I was told to resubmit this grievance and so I have. Please stop abusing me, torturing, harassing me + keeping the specific remedy being sought: I request to be compensated for the physical

hurt I suffered at the hands of staff, for the harassment, for the violation of my constitutional rights. I request to use the law library as well as not have a actual library at all. I request that my R/H time be cut as officers are given me tablets as well as inmates and I have not gotten a tablet in my own. you can not expect me to not accept a tablet to cell my love on how I've been in the hole since 11/1/22. It would be unreasonable to think I would eat od that was given to me if I was starving. I have a family just like you do. And I can't leave cell to get a tablet or food, it has to come to me. Everything has to come to me or start, do permission.
